More info and photos see www.posadaquinde.com

day 2

Acclimatization - we suggest two activities that can be done on one's own:

Otavalo - visit to the indigenous market (on your own)

This market in the Plaza de Ponchos is without a doubt the most famous indigenous market in Ecuador. You will find a huge selection of artesanate. The best day to visit this market is on Saturday. There are 4 markets going on simultaneously in different parts of the city. But the artesanate market now also goes on the other days of the week - it is much quieter then. This in turn has its advantages.

Hike to Peguche waterfall (on own)

The 18-meter-high Peguche waterfall is located 4 kilometers south of Otavalo in a beautiful natural park... The local population of Otavalo celebrates the solar festival of Inti Raymi there on June 21. During several days purification rituals are held here. But also during the rest of the year the park is worth a visit.

Posada del Quinde - standard room double with breakfast

With a private car we drive to the entrance of the reserve Cotacachi-Cayapas, where we start a 5-hour hike that goes between 3100 and 3500 meters above sea level. Along the way we enjoy the biodiversity, the views of the picturesque Lake Cuicocha with its two islets and the view of the peaks Cotacachi, Imbabura and Cayambe.

Thermas de Papallacta - standard room double with breakfast (during week)

Thermas de Papallacta is a vast domain high in the mountains, on the edge of the Cayambe-Coca National Park. The domain has a hotel with thirty-two rooms, three of which have a jacuzzi. There are also two family bungalows and a few small houses. All this is scattered among the numerous volcanic hot water pools. In the morning you can enjoy an extensive breakfast and for dinner the freshly caught trout in the restaurant is highly recommended. You can also enjoy a drink in the Chacana bar in between bathing. Access to the baths is included in the price.

In clear weather you have a beautiful view of the Antisana volcano. Along the way we look out for the spectacled bear, the mountain deer, the mountain tapir, paramo wolves etc.
